2-

Report on Dropping out from schools

(title) dropping out from schools

The town hall conference room was the destination of hundreds of people last November 20th.

The occasion was a seminar organised by the local education Authorities the seminar revolved around an urgent topic: dropping out from country side school .participants, including Educators, parent's association and political officials: attended the meeting. The audience reached the estimated figure of 200people approximately the activities included Mini-lectures .and works hops.

The participants agreed that there were three main causes of dropping out of schools in rural areas, the first one is poverty the second cause is schools situated far. From houses And the third cause is children needed in farm work and house hold chores..

The participants concluded the seminar with argnt recommendations. They suggested that the Ministry should Encourage drop-out students to return to school, support families to be able do send their children to school .and sensitise parents and children about the importance of schooling...

All those who attended the seminar agreed that it was fruitful and successful most of them were satisfied with results and many others call for further actions.
